

## R-NMR final workshop series

### Wednesdays at 4pm CET

- |                       |  |
|-----------------------|--|
| 14 <sup>th</sup> May  | 1) Monitoring of Spectrometer performance (James Tolchard- CNRS)                                     |
| 21 <sup>st</sup> May  | 2) Standardization and Benchmark in liquids bioNMR (Goran Karlson-UGOT)                              |
|                       | 3) Standardization for small molecules (Ana Sofia Ferreira- NOVA)                                    |
| 28 <sup>th</sup> May  | 4) Standardization in SS-NMR: RF calibration using Bloch-Siegert Shift effect (Julien Trebosc- CNRS) |
|                       | 5) Standardization in SS-NMR: TBA  |
| 11 <sup>th</sup> June | 6) Experiences testing LOGS (Panagiota Georgiopoulou-UPAT)   |
|                       | 7) Data/Metadata standards (Adrien Favier-CNRS)  |
| 25 <sup>th</sup> June | 8) Results of final R-NMR survey (Christina Redfield –UOXF)  |

The workshops will be held in Zoom- to obtain a link please write an email to Julia Wirmer-Bartoschek ([wirmer@nmr.uni-frankfurt.de](mailto:wirmer@nmr.uni-frankfurt.de)).

This project has received funding from the European Union's Horizon Europe research and innovation programme under Grant Agreement N. 101058595
